

LOCAL HIGHS LOSE CAME TO IRONWOOD

First Gridiron Battle Is Fought Saturday—score 11 to 0 For Michigan Boys.

At the fair grounds Saturday afternoon a crowd of two hundred enthusiastic "rooters" witnessed the first foot ball game to be played on the local gridiron this season. The contest was between the Ironwood and Rhinelander High school teams and resulted in a victory for the Wolverines by a score of 11 to 0.

Throughout the game was fast and snappy and marked by numerous open plays. The visitors were strong on forward passes and fumbles and made their score on these plays. The Ironwood ends did brilliant work and practically won the battle for their team.

Rhinelander's defensive work could scarcely have been improved. The team held their opponents for the downs at every opportunity and had the boys been more skilled at catching punts and forward passes it is believed that they would have easily defeated the minors.

After the game the captain of the Ironwood eleven remarked that his home team played faster ball than his line-up and was stronger on line plunges. He said that every time Ironwood passed the ball Rhinelander got busy and prevented an advance.

The game passed off smoothly with no rough work or disputes. Ironwood's coach, Mr. Reizer, refereed the first two quarters and F. B. Moody, of this city, refereed the last two quarters.

A reception in honor of the visiting team was given by a party of "fans" at the Guild Hall.

Next Saturday Rhinelander will play Tomahawk at that city. The local team feels confident of winning.

Smith Breaks Leg.

An unfortunate incident in Saturday's game was the accident to Paul Smith of the Rhinelander team. His leg was broken and he will be laid up for an indefinite period.

ENTER AT ANY TIME.

Training School Is Always Prepared to Receive Pupils.

It seems that there are still among the people, some misunderstandings about the Training School. One of them is, about the expenses connected with attending the school. Tuition is absolutely free, as the county pays one-third of the expenses and the state two-thirds. Not only is there no tuition charged, but the school also loans to students all necessary text and library books free of all charges. It furnishes also free the necessary ink, drawing paper and composition paper. The only expense a student has is for an occasional tablet, pen and pencil—less than 10c a year.

This school is organized for pupils from the country as well as from the city. Country pupils are under the additional expense for board. This, however, need not keep any one from attending the school. Several of the students are doing some housework to pay for their board, and the Principal has had more opportunities to provide such work than he has been able to find students to fill the places.

When can students enter? The school year is divided into four quarters of ten weeks each. It is, of course, best if a student can enter at the beginning of the year or at the beginning of the quarter. It is, however, entirely possible for students to enter at any time. For instance, two students entered last week; another one is expected this week and others are likely to enter next week. The teachers of the school make a special effort to help those who must enter late and thus enable them to fit into classes already organized. If young people in the country who have finished the course of their home school, could not enter at the beginning of the year because of helping at home or other good reasons, desire to enter now, they will be very welcome and they need not hesitate to do so.

All this applies to the young men of the city and country as well as to the young ladies.

GARLAND WAS INSANE.

This Is Opinion of Dr. Nelson, Milwaukee Physician.

Without any religious ceremony the remains of Wm. J. Garland, who committed suicide by shooting, at Milwaukee, last Wednesday night, were interred at St. Mary's cemetery, Saturday morning. The body, accompanied by deceased's mother, Mrs. Wm. Garland Sr., and sister, Mrs. Ella Mosher of Antigo, arrived in this city on the early Northwestern train, Saturday.

That the young man was insane when he took his life is the opinion of Dr. Nelson, a Milwaukee physician. Following is a letter written by Dr. Nelson to Rev. Dr. Leinfelder, pastor of St. Mary's church in this city.

Milwaukee, Wis., Oct. 10, 1910.
Rev. Father:—

During the past week, I gave to Mr. Oliver Gillis of Milwaukee, a statement to the effect that Wm. J. Garland, at the time of his death and for some time before was suffering from melancholia, a form of insanity.

Mr. Gillis informs me that my statement created an impression in your mind that I was not positive of this statement, and that there was in my mind some doubt on the subject. This impression produced on you, was not due to any doubt on my part but was without doubt due to the unfortunate manner in which I worded my statement.

Mr. Garland had consulted me regarding his condition, twice during the past month and I had further opportunities of learning of his condition and without any question, he was insane when he shot himself, and for some time before.

Sincerely yours,
WM. V. NELSON, M. D.

CITY LOSES FAMOUS WATER WORKS CASE

Judge Sanborn Decides Against Rhinelander On Nearly Every Important Point.

The proceedings for foreclosure of the mortgage given by the Rhinelander Water Company to secure payment of the \$83,000 bonds outstanding against the water works of this city, which has been in the federal court for over two years past, has finally been decided.

That the \$83,000 bonds outstanding are valid and the city is estopped from denying their validity. That the city is and has been liable for hydrant rental in amount of interest on bonds.

That the special fund set aside to cover hydrant rentals shall be paid the trustee in so far as is necessary to meet the accrued interest on the bonds and that an accounting of an net income of the plant including private rentals shall be made from the time this special fund was set aside by ordinance of the council. The monies now held under this ordinance together with the levy just made by the council will amount to \$25,000.

The court further held that all pipes, mains, etc., are covered by the mortgage. The city is estopped from setting up the right to separate the extensions from the original plant.

In fact, on practically every point of importance the city loses.

GRATEFUL ACKNOWLEDGEMENT.

In behalf of the Congregational Church and Society, I wish to make public acknowledgement of the many courtesies extended by the people of Rhinelander during the period of the state convention. The response of the general public was most cordial and commendable. Special gratitude is extended to those outside of the Congregational Church who so royally entertained delegates in their homes; also to owners of automobiles who so kindly co-operated in giving the guests such a delightful outing. Deep appreciation is also acknowledged of the very helpful service rendered by the Rhinelander press in giving so generously of space, thus bringing to public notice the importance of the convention.

TO DEVELOP LANDS OF NOR. WISCONSIN

Advancement Association Members Are Assessed 25 Per Cent. For Advertising.

For the purpose of creating a fund to be used in advertising the resources and advantages of northern Wisconsin, the Wisconsin Advancement Association has called upon its stockholders for a twenty five per cent assessment.

At the present time there are 3,500,000 acres represented in the association and there is every indication that this figure will be increased to 5,000,000 acres within a short time. The assessment on these holdings will mean a sum totalling \$50,000. This amount expended in judicious advertising of the lands of this portion of the state will serve to bring new settlers to develop the country.

C. P. Crosby, who is one of the members of the association, states that the plan of advertising campaign mapped out by the organization is unique and should prove effective. Offices will be established in many of the large cities and from these attractive literature descriptive of northern Wisconsin will be distributed. Lecturers with motion picture machines will tour the country, displaying views of improved and wild lands and describing these to the people. This will prove an attractive feature and will result in drawing attention wherever the exhibits are given.

In the cities of this and neighboring states are thousands of people who would willingly leave the congested districts for the healthful and profitable life of the farmer, if the proper opportunity presented itself. An effort will be made by the association to reach these people. Land will be sold at reasonable terms and easy payments. The main object is to get the settlers and open up the undeveloped territory.

Other members of the association in Rhinelander aside from Mr. Crosby are Stapleton & Barnes, F. C. Robbins, Brown Brothers and Chas. Chafetz.

NEW BOOKS AT THE LIBRARY.

The readers who are interested in books of description and travel will enjoy reading a book recently added to the library called "The Romance of the Colorado River," by F. S. Dellenbaugh. This is the story of the discovery of the river in 1540, with an account of later explorations, and with special reference to the voyage of Powell through the "lip" of the great canyons. The illustrations and maps contribute much to the enjoyment and value of the book.

Hanks—Our Plymouth forefathers the real founders of our republic. A clearly and carefully written popular history of the Pilgrims in England and in Plymouth colony down to the beginning of the revolution. Illustrated.

Fiction—
King—The Wild Olive.
Seed—Old rose and silver.
Garland—The long trail.

Juvenile—
Earl—On the school team.
Morley—Donkey John of toy valley.
Southworth—Builders of our country.

Other new books recently received but not ready for circulation will be placed on the table for inspection should anyone desire to look them over.

LUETHY IS "POTATO KING"

M. McEachin, who was at Carver, a few days ago, tells us that A. C. Luethy of that village, is recognized as the "potato king" of Forest county. From his farm he realized twelve thousand bushels of potatoes and made a shipment of eight carloads to the Chicago markets.

Mr. Luethy is one of the old inhabitants of Carver, but this is the first year in which he has indulged in potato raising as a business proposition.

Dr. A. E. Rector Specialist in diseases of the Ear, Eye, Nose and Throat and fitting of glasses of the firm of Drs. Morse & Rector, Appleton, will be in Rhinelander at the Rapids House, Tuesday October 18, 1910.

WOMAN'S CLUB MEETS.

Fine Schumann Program Is Given On Tuesday Afternoon.

After an adjournment of several months the members of the Rhinelander Woman's Club held their first fall meeting Tuesday afternoon. The newly elected officers, Mrs. D. J. Cole, president; Mrs. C. P. Crosby, vice-president; Mrs. R. S. Williams, secretary; and Mrs. J. J. Reardon, treasurer, were present.

It was "Schumann Day" at the Club and after the business had been disposed of a delightful program was given.

Mrs. S. H. Ashton read an interesting paper on Schumann and this was followed by a number of instrumental selections by the famous composer. Numbers were as follows:

1. Duet—Abendlied (Evening Song) Versteckens (Hedding) Mrs. F. A. Harrison and Miss McQueen.
2. Romanza—Mrs. E. A. Fortes.
3. Trawmerli (violin solo) A. J. La Motte.
4. The Butterfly—Miss McQueen.
5. Duet, Symphony in E Flat—Mrs. F. A. Harrison and Miss McQueen.
6. Carnival—Miss McQueen.

At the close of the program refreshments were served. The next event of the Club will be "Chopin Day" on October 18.

The Woman's Club is raising \$100 every year for the benefit of the Rhinelander public library.

NOT A SCHOOL SOCIETY.

Upon careful inquiry the New North learns that the later Se society is in no way a school organization, as but few of the students belong. It is not even a revival of an older organization. There is, however, a society of young ladies in the city known under the above name whose purpose is to have occasional social gatherings for their own amusement.

OFFICER AND NIGHT PROWLERS USE GUNS

Policeman O'Malley Exchanges Shots With Two Supposed "Bad Men," Monday Night.

Gun play in real Chicago style caused a wave of excitement on the south side Monday night. The participants in the shooting game were Policeman Jas. O'Malley and a couple of supposed to be house breakers.

The strange actions of three unknown men in front of the Ruggles residence on Pelham St., lead Mrs. Ruggles to believe that the trio was there for no good purpose. Thinking them to be burglars or "bad men" of some kind, she telephoned for the police. O'Malley was soon on the scene but the fellows had departed. The officer, suspecting that they might be hiding in the vicinity of the venerable plant, went in that direction. His suspicions proved to be correct for between a pile of logs the forms of two men appeared. O'Malley ordered them to halt. At this command they started to run when the policeman fired two shots from his revolver at them. They returned the compliment, the bullet flying so close to the officer's head that he could hear it sing.

The men disappeared in the darkness and O'Malley gave up the chase. With Chief Straub he later made a rigid search of the neighborhood with the result that two suspects were arrested. They were liberated Tuesday morning owing to lack of evidence to hold them.

Two men were also seen loitering about the Lawrence house on the north side, Monday night. They were frightened away before they made any attempt to do harm.

HEAVY TRAVEL TO WOODRUFF.

"Yes," remarked George Knister, ticket agent at the Northwestern depot, "we sell more tickets to Woodruff than to any other burg on the line. Out of every ten persons who buy tickets at this window, eight call for Woodruff. It's certainly the most popular station on this division."

WILL EMPLOY 100 MEN.

Geo. Langley, who is one of the most widely known loggers in northern Wisconsin, will conduct operations next winter on the Tomahawk river, near Cedar Falls. It is his intention to employ from seventy-five to one hundred men. Work will be commenced within ten days.

"PRESENT DAYS" AND "OLD TIMERS" PLAY

An Amusing Base Ball Game Is Pulled Off Here Sunday—Score Is Even, 6 to 6.

For the benefit of the Rhinelander Base Ball Association, which has made so enviable a record this season, but unhappily is somewhat entangled in the mire of debt, areal, interesting game of base ball was played at the fair grounds last Sunday, between two evenly matched teams, composed of leaguers, semi professionals, amateurs and "old timers," the latter pastiming upon the diamond, when others in the line up were but mere babes nestling in mothers' arms. Although not quite succeeding in wiping away the deficiency, a neat, little sum was gathered together, which was highly gratifying to the management and also to all supporters of the team, who are earnestly desirous of seeing a clean financial slate for the officials, who piloted the club to victory on so many occasions and caused the base ball public throughout the state to sit up and take notice whenever the name of Rhinelander was mentioned. The two teams, captained by the two L's Liebenstein and Leadbetter, went ten innings to a tie, when Umpire Frank Parker, declared the game off with the score standing 6 to 6. The contest, Leadbetter naming his selection the Athletics, while Liebenstein electing to call his aggregation the Cubs not only held the spectators glued to their seats until the last out in the tenth inning, but afforded unlimited amusement to the loyal 118 dyed in the wool "fans" who made the occasion memorable by their presence. The easy, graceful manner in which LaRoy performed upon the slab for five innings won unstinted praise while Dr. Garner, for the Cubs, displayed that he still retained some of his old time effectiveness in the pitcher's box. Hutchinson finished the game for the Cubs and taken all in all, the spectators were furnished with a fine entertainment of the national game.

Frank Rooney the south paw played at first for the Cubs. The line up was as follows, although W. Liebenstein in center, pastured all over the outer garden, but failed upon securing a chance of distinguishing himself. On the bases, Walter was like a wild colt and had Ty Cobb seen him perform, the ferocious Tiger would have undoubtedly turned green with envy.

Beatrice, Secord Falls Into Electric Light Post Hole and Her Neck Is Broken.

Eagle street, north side, was the scene of a horrible accident, late Monday afternoon, when Beatrice, the little nine year old daughter of Mr. and Mrs. Clarence Secord, lost her life by falling into a hole which had been dug for an electric light pole.

Beatrice, in company with her older sister, Florence, and several other children, were playing about the excavation. The child, in a spirit of fun, attempted to jump over the gap when the dirt about the opening caved in, carrying her to the bottom of the pit. She gave a pitiful cry as she fell. Curiously, she turned in such a manner as to bring her head foremost and as the dirt settled about the helpless child only her foot projected.

About the first person to reach the spot after the accident was Frank Leonard, driver at the north side hose house. He was shortly joined by others and the task of removing the little one from the pit commenced. This required nearly twenty minutes and in the mean time medical aid was summoned. Dr. Schick was there when the girl was recovered. Life was to all appearances extinct at that time. Dr. Elliott soon arrived and the two physicians labored over the body long and faithfully in a hopeless effort to revive life. Later an examination brought out the fact that the neck had been broken in the fall.

Beatrice's untimely death has caused sorrow to cast its shadow over the entire north side. Her parents in their great grief are inconsolable. The funeral was held this morning from St. Mary's church.

That the sad happening was due to carelessness in leaving the hole unprotected seems apparent.

WAUPACA COUNTY TAKE NOTICE

In the New North office window can be seen a potato, weighing three pounds, which was grown on the farm of Wm. Olson. Oneida county has produced a splendid crop of "Murphys" this year and it is almost safe to predict that within a few years this section will equal Waupaca and other southern counties as a potato country.

PHONOGRAPH IN CHURCH.

A phonograph has been put into use at the First Baptist church as a means of supplying music at Sunday evening services. A choice selection of hymns and sacred music is on the program.

This innovation which is proving successful is entirely original with Rev. Bergstrom, the pastor.

WILL DINE THE LADIES.

Congregational Men to Serve Supper and Organize Club.

At a recent meeting of the men of the Congregational church it was decided to give a supper to the ladies of the congregation, including church members and those who attend services or assist in any of the church societies. The men will provide and serve the supper in the church basement on October 18, at 6:30 p. m.

Such competent cooks as John Remo, Alex McRae, John Clorn, E. J. Squier and J. J. Reardon will preside over the kitchen and they propose to show the ladies a few pointers in the culinary art. The spread which they intend to prepare will even make Mrs. Rorer take notice.

Following the supper a meeting will be held for the purpose of forming a Men's Club. The need of such an organization has long been felt in this city and a large membership is anticipated.

MR AND MRS. ED. BERRY HERE.

Old friends in Rhinelander of Mr. and Mrs. Ed. Berry will be pleased to learn of their arrival in the city on the early Soo train this morning. Since leaving here a number of years ago they have been residents of Glen Dale, Mont., where Mr. Berry is the owner of the leading hotel. He also has a large ranch near that city and is the possessor of other Montana property.

John Charlton and family of Hackley were in the city Monday and left Tuesday morning for Coeur d'Alene, Idaho at which city they will make their future home. Mr. Charlton has long been one of the competent employees of the Hackley-Phelps-Dunnell Lumber Company but resigned his position to seek his fortune in the west.

Mr. and Mrs. C. W. Bruce and daughter, Mr. and Mrs. N. M. Chil- sen, Geo. Kline, Ed. Heilman and W. B. Chilson of Merrill, were members of an auto party that passed through the city Tuesday on the way to Eagle River. They stopped here for dinner. The latter mentioned gentleman is one of the editors of the Merrill Daily Herald.

It is in time of sudden mishap or of accident that Chamberlain's Liniment can be relied upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Liniment is never found wanting. In cases of sprains, cuts, wounds and bruises Chamberlain's Liniment takes out the soreness and drives away the pain. Christmas stamps, to be known as "scals", will again be placed on sale at one penny each by the Wisconsin Anti-Tuberculosis Association in December. By this means the society hopes to replenish its working fund and be enabled to continue to wage an aggressive fight against the ravages of consumption in Wisconsin. Wisconsin led the world in the sale of Christmas stamps last year. Figures now at hand show that more stamps were sold in this state according to population than anywhere else in the Union. The ratio was 1.36 to every inhabitant.

TRY YOUR HOME MERCHANT.

Just now the big Chicago mail order houses are sending out their annual fall catalogues and doubtless many Rhinelander people have received them. By keeping a watchful eye on the advertising columns of the New North local buyers can secure just as good bargains at home as they can in the big cities and one has the satisfaction of inspecting just what they purchase when they deal with the home merchants. Try buying for cash of your home merchant for awhile and see if he cannot give you just as good bargains as you think you are getting from the big mail order concerns.

Morning Headache

"I suffered with terrible headaches. I would get up every morning with such a severe attack, and until I began using Dr. Miles' Anti-Pain Pills, never found anything that would give me the desired relief. ELECTION DAY IS APPROACHING.

It is now time for the members of the republican party to lay aside all factional feeling and with a united front defeat the democrats. The republican candidates defeated their opponents at the primaries by large majorities and now are entitled to the full republican vote.

There is a time when the party should be in harmony. It is when there is a fight to be made with an outside foe. With the splendid republican candidates nominated for office this fall, every republican should give his vote to his party and no man should be recognized as a republican who fails to do so. If you believe in republican principles vote the ticket.

The following is the republican ticket to be elected. November 8th; we endorse it from top to bottom.

It is rumored that the Soo line will build a new depot in this city as soon as a suitable location is secured.

We expect that the five cent theaters will now be entertaining their patrons with "genuine" motion pictures of the "Battle of Cameron Dam."

William R. Hearst has offered a cash prize of \$50,000 to the first person who crosses the continent in an airship. Now, don't everybody fly at once.

One good reason why the Soo station should not be erected across the river is the fact that passengers would have to cross the Northwestern track in going to and coming from the depot.

Whatever you do, vote for the constitutional amendments November 8, giving the state the power to develop and control the water powers for the benefit of the people as distinguished from the few. We will have more to say on this subject later.

PROTECT THE STREETS.

The people of this city have paid thousands of dollars to get first class streets and every effort should be put forth to keep them so. No person or company should be permitted to tear them up unless absolutely necessary and then with the written approval of an officer who shall see that they are made as near perfect as possible when put down again. If more care is not used it will be but a short time before our expensive streets are in a bad condition. When attention is called to these facts we believe our officials will systematize matters so that our public property shall be better protected.

TRIBUTE TO LAFOLLETTE.

Los Angeles Express, Rep.: The men and women of the republic realize that in Senator LaFollette they have a true champion, that their welfare and their interests are really his single-hearted concern and as they have gained that knowledge, so, step by step, he has won their confidence and trust. We do not know of a man in the nation more truly devoted to the people of the nation than is Robert M. LaFollette of Wisconsin. In making that statement we not only do not except Col. Roosevelt, but rather assert that in some respects Senator LaFollette more faithfully interprets the public conscience and more helpfully meets the public need than does Mr. Roosevelt himself. If LaFollette should be incapacitated by illness from continuing in the leadership of the Progressive forces within the Republican party, we should regard it as a disaster to the nation, for, more than any single man he is today the chief creative force that works for the party's redemption and restoration to its old ideals.

CLOSES WITH BANQUET.

Congregational Convention Ends Last Thursday Evening.

The seventy-second annual convention of the Congregational churches of the state came to a close last Thursday evening with a banquet in the basement of the Congregational church.

Aside from the visiting delegates a large number of business and professional men of the city were in attendance.

Toasts and addresses were given by many gathered about the board and the evening was passed in a pleasant way.

The majority of the delegates left the city Friday. All spoke highly of the success of the convention and the entertainment afforded them by the people of Rhinelander.

Breeding Skunks in Maine.

Breeding skunks is rather a new industry in this state, but, nevertheless, it is a paying one with George Crooker of North Bath, and he has a colony of 20 polecats. The fur is used largely in the manufacture of coats and fur pieces, and Mr. Crooker is busy catching the animals for his yard. He has fenced in a 50-foot ledge with a high wire, and the little animals seem perfectly content with their new home.—Kennebec Journal.

BURGRAFF CASE ON IN CIRCUIT COURT

Testimony Is Sensational And All Spectators Are Barred From Court Room

On the serious charge of fornication Anton F. Burgraff, a well known resident of Three Lakes, is now having his trial before circuit court.

This is the last criminal case on the calendar and will probably continue throughout the week. The complaining witness against Burgraff is Rose Wesneski, of Three Lakes, a girl less than fifteen years of age. Earl P. Finch, the eminent criminal lawyer of Oshkosh, is counsel for the defendant. S. S. Miller, district attorney, is for the prosecution.

Owing to the sensational testimony being introduced in the case the public is not permitted to attend the proceedings. Judge Reid ordered this morning that all spectators and others not connected with the trial be barred from the court room.

A score of witnesses all from Three Lakes have been subpoenaed on the case.

Russ Gets Settlement.

The personal injury suit for damages brought by J. Russ against the Rhinelander Paper Company was settled out of court. Report has it that Mr. Russ received \$6,000 of which amount \$2,000 goes to his attorneys.

While working on the big paper knife in the Rhinelander Paper Company's plant early last March, Russ lost his right hand.

There was a rumor current that the company offered to settle with Russ before the case was taken into court for \$5,000. This story Russ emphatically denies.

DEATH OF W. A. STERLING.

At the advanced age of 77 years death came to W. A. Sterling, father of Mrs. A. D. Daniels and Ely Sterling of this city, at his home at New London, Saturday night.

Mr. Sterling was one of the oldest residents of New London, having lived there for over half a century. Aside from Mrs. Daniels and Mr. Sterling deceased is survived by two other children, Mrs. Chickering of New London and W. A. Sterling of Racine.

The funeral was held at New London, Tuesday.

Mr. Sterling made occasional visits to Rhinelander and had a retinue of friends here among whom his death is sincerely lamented.

ARREST JILLSON AND BALDWIN

Sheriff and Under-Sheriff Held for Neglect of Duty.

Sheriff Jillson and under-sheriff Baldwin have been arrested on a warrant charging them with failure to comply with their duty as officers in causing the arrest of Lester Dawson last April. Dawson is wanted on a statutory charge preferred against him by August Rietach, father of a fourteen year old town of Pelican girl. The warrant against the above mentioned officers was issued on complaint of Amanda Rietach, mother of the child.

DIETZ AND FAMILY ARE NOW PRISONERS

Cameron Dam "Outlaw" Surrenders to Sheriff After Long Battle With Posse.

After a battle continuing from 7:35 Saturday morning until late that afternoon, John Dietz, the Winter "outlaw", and his family surrendered to Sheriff Madden and his deputies.

The first report of the onslaught upon the Dietz cabin reached Rhinelander over the long distance telephone early Saturday afternoon. It stated that Dietz and practically his whole family had been annihilated by the sheriff's forces. As this story gained rapid circulation about the city there was deep regret expressed among the hundreds of admirers of the fearless old farmer and his loyal wife and children.

But little sorrow was felt for the three deputies who were rumored to have lost their lives in the conflict.

It was not until Sunday afternoon when the late editions of the Chicago and Milwaukee papers arrived that the real truth was known. When it was learned that Dietz and family had escaped death his sympathizers were not backward in voicing their satisfaction.

Father Pilon, Catholic priest at Winter, and a former Rhinelander boy, played an important part in the surrender of the Dietz family. When the little girl, Helen, rushed from the house bearing a white handkerchief as a signal that her father was ready to give up the fight, Sheriff Madden refused to venture from under cover. Father Pilon, however, hurried into the dwelling and soon reappeared, announcing that the occupants were willing to submit to the officers.

Dietz suffered a slight flesh wound in his hand and none of the others of the daring family were hurt. The house and other buildings on the farm were riddled with bullets.

Oscar Harp, a deputy, was killed. Who fired the fatal shot is not known, although the coroner's jury hold Dietz, his wife, and son, Leslie, responsible.

The army of deputies poured a continual stream of lead into the farmer's home. It is reported that not a dozen shots were fired by Dietz.

Dietz, Mrs. Dietz and Leslie are now in jail at Hayward. Dietz has been arraigned on several charges including the assault on Hroel, the killing of Harp and old complaints of the lumber corporations. He has retained the services of Clarence Darow, the famous Chicago attorney, to defend him.

The prisoner will not lack for funds as already his friends are sending him contributions.

Sale of State Timber.

The State Board of Forestry will sell to the highest bidder the timber upon the following state lands in Oneida county, the right being reserved to refuse any or all bids:

T. 37, R. 11 E.	T. 38, R. 11 E.
Sec. 4, SENE	Sec. 24, NW SW

" 27, NESE	" 34, NESE
" 27, NW NE	" 34, SW NE
" 27, SE NE	" 35, NW SW
	" 35, NWNW

Bids may be for the timber on the entire tract or one or more descriptions. The cruisers' reports show the following amount of timber on the land, 1,069,000 ft. of saw timber, 254 cords of pulp wood, 200 cedar poles and 6,600 cedar posts. Detailed estimates of the timber upon each description will be sent upon application. Two years will be allowed in which to cut and remove the timber.

The bids will be opened at 10 a. m., Tuesday, November 1st, and should be sent to

FARMERS ARE VICTIMIZED.

Crooked Tree Agents Carry on Work in Wisconsin.

Dishonest tree agents are plentiful in this state according to reports from Secretary Crane of the State Horticultural Society. Agents claiming to represent Illinois and Ohio firms are selling varieties of cherry entirely unsuited to Wisconsin climate at exorbitant prices.

One farmer is reported as buying 1000 trees at \$1.10 each and others large numbers at 55 to 65 cents each and buyer agrees in addition to give half the first crop. Reliable nurserymen in Wisconsin and elsewhere sell better kinds at 20 and 25 cents each. Barrum stated a great truth when he said people like to be humbugged. Both the Horticultural Society and the Agricultural College constantly offer free advice on such subjects.

TO USERS OF WISS SHEARS

For several years we have been selling the reliable Wiss shears. Every time we have sold a pair we have said to the purchaser, "Now if these shears are not perfectly satisfactory bring them back." J. Wiss & Sons Co. who have been making their famous shears for 55 years stand back of our guarantee. Next week their representative is going to call on us to take our order for another big shipment of shears and scissors and, at that time, will "make good" any shears or scissors that have not been satisfactory in every way.

Now if you have a pair of "Wiss" shears or scissors that you have used and not abused and they are not giving you perfect satisfaction, we want you to bring them to us and we will, without any red tape, give you another pair that will please you.

We promise you satisfaction with Wiss shears and we don't forget our promise.

W. W. Carr, county clerk and candidate for reelection, spent Saturday and Sunday at Pelican Lake and Jennings, mingling among the voters. He looks for a big endorsement from that part of the county.

Dr. W. D. Neville, of Eagle River, who suffered a stroke of paralysis several weeks ago, is reported to be gradually gaining. He has recovered his voice and is able to walk with assistance.

In a mention of the new depot to be built by the Soo company in this city, the Gladstone Reporter expresses the hope that the Soo will see fit to get rid of the old barn that is called a depot there, and rebuild a structure that would be a credit to the city. With few exceptions the depots all along the Soo from Minneapolis to Sault Ste. Marie are old dilapidated buildings.

DON'T GAMBLE

Perhaps you think you don't—but one of the definitions of the word gamble is "taking chances." You're gambling in that sense of the word when you take chances on the quality of your fire insurance.

There's GOOD fire insurance and BAD fire insurance—it all costs the same as to premiums—but if you suffer a serious loss you'll find that poor fire insurance is the dearest kind.

Miss Matilda Kuehl and brother, Edwin came over from Tomahawk Friday for a visit among Rhinelander friends. They left Monday for their new home at Green Bay.

Clayton Cass, who has been in Oregon and Washington for some time past, spent a few days in the city this week with his uncle, Ira Cass. He is well pleased with the western country and says that there are many opportunities there for young men who want to work. Clayton was at one time a "devil" in the New North office.

Chas. A. Comiskey, owner of the Chicago White Sox, and Dan B. Johnson, president of the American League, spent a few days at former's hunting and fishing camp near Mercer last week. They returned to Chicago Monday evening and were accompanied from Mercer by J. B. Carlin and Wm. Cadreau, the young Odanah Indian, who is to get a try-out with the White Sox. Cadreau is to get \$300 a month if he makes good and will pitch for the Sox in next Sunday's game, which will be the last game of the season.—Hurley Miner.

CIVIL SERVICE OPPORTUNITIES.

Positions as employees in the legislature of 1911 will be filled by competitive examinations which will be held throughout the state at the various county seats on Saturday, November 19, 1910. There will also be held on the same date examinations for cadetships to West Point and Annapolis, faculty officer and maroon, greenhouse man, janitor, local assistant to state veterinarian, policeman, proofreader and state agent (parole officer.)

A general competitive examination for stenographers, including legislative positions will be held during the week beginning Monday, November 21, 1910.

Persons interested should write to the State Civil Service Commission, Madison, Wis., for information and blanks.

Two years ago nearly 800 candidates wrote in the examination for filling the legislative positions, and indications point to a still larger number of candidates this fall.

DIES FROM HER INJURIES.

Mrs. Charles I. Wells of Dunbar died Thursday from injuries received in a collision two months ago, when the Wells family, while going to their summer home with their motor car were struck by an extra train on the Dunbar & Wausaukee railway. Mr. Wells recovered and their little daughter was only slightly hurt, while Mrs. Wells was injured in the spine, and was unable to use her limbs. The body was shipped by special train to Jefferson, Ia., her former home. Mr. Wells is superintendent of the Dunbar & Wausaukee railway.

For the comfort of tired shoppers, the Kolden Dry Goods Company has arranged a cozy rest room in the basement of the store. The room is fitted with easy chairs and sofas, is prettily decorated and presents a most inviting appearance. A writing table is also at the disposal of the visitors, writing material being furnished free.

Although a new innovation Mr. Kolden says that the little retreat is rapidly finding favor among the patrons of the store.

IS AN IDEAL LANDLORD.

James Sheehan was over from Goodman last Friday looking after business matters and meeting his friends: Mr. Sheehan is manager of the Goodman Lumber Company's hotel and those who have been his guests claim that he makes an ideal landlord. He extends a standing invitation to Rhinelander people to call on him, assuring them that they will be provided with the best in the house.

A PLEASANT TASTE REFRESHES

"GOOD FOR THE APPETITE"

Everybody knows that Calamus Root, Gentian Root and Angustura Bark are excellent tonics—very beneficial to the stomach.

They are all contained in Bittermead in just the right proportions to make "Good Digestion Wait on Appetite and Health on Bittermead."

The taste is odd—not bitter, but bittersweet and agreeable.

FURNITURE NEED NEVER LOOK OLD.

I might wear out my tongue telling you why my varnish is cheaper than adulterated and then not convince you.

But one trial will make you sorry you had not known of it years ago. Flows out perfectly—no brush-marks—no "runs" no "laps" and no "patches"—and costs only half a cent per square foot.

Any one who can afford to have furniture can afford to keep it from looking old.

Call at T. C. Wood Hdw. Co.—they'll be glad to tell you all about it.

TO THE VOTERS.

I am a candidate for the office of register of deeds of Oneida county on the republican ticket and respectfully ask your support at the polls, Tuesday, November 8.

I lost my left arm six years ago at Stevens Lbr. Co.'s saw mill Rhinelander, Wis., and since have had a business course at the Williams Business College at Oshkosh, Wis. I am fully capable of doing this work. I am a married man and have four children to support, and will appreciate the vote of every man that feels I am competent for this place.

**BIG FEATURES ARE
BOOKED FOR COURSE**

Entertainment Association Secures Some Excellent Attractions For City.

Rhinelander is to have a Lecture Course this year and as far as talent is concerned, it will be the finest Lecture Course ever presented in the city.

Victor's Venetian Band, Oct. 23. One of the numbers will be Victor's Venetian Band. This is a band composed of twenty-five musicians of the highest type and has been a tremendously successful number. This is the fifth consecutive year of the band with this bureau and is guaranteed by them as one of the greatest bands that ever visited America. The band will be assisted by a soprano soloist.

Foland and the Italian Boys, Nov. 14. Elbert Foland and the Italian Boys will be remembered by the citizens of Dixon. Wherever they have appeared, the demands for return engagements have made it necessary for the orchestra to limit their time in the territory where they appear each year. The instruments used are two violins, flute, clarinet, and harp. The company is assisted by a boy soprano and Elbert Foland, humorous reader. This will prove to be one of the best of the course.

Fred. E. Hopkins, Lecturer, Nov. 17. No public speaker on the platform of today refutes more completely the average idea that a lecture must of necessity be a sort of penance for its hearers than the Rev. Frederick E. Hopkins, whose name the Central Bureau has the honor of placing before its patrons. Dr. Hopkins is a brilliant, magnetic and charming speaker, an orator, an entertainer, and an educator. No man in years has made a more emphatic success with Lyceum audiences, and certainly not one is better equipped for the work. Young, of magnetic personality, with a command of language not excelled by any of his competitors and withal, unmistakably the bearer of a divine "Message", he brings to the rostrum an element of which it stands sorely in need, and we predict for him certain success among our patrons.

Bertha Kunz-Baker, Dec. 14. The committee feel they have secured a ten strike in their next number. It has been many years since Rhinelander has had a chance to hear such a reader as the one who will appear on the Entertainment Course. Without any doubt Mrs. Kunz-Baker is the greatest reader in the United States.

Everywhere she has appeared, committees have demanded her return year after year. Oshkosh Congregational Men's Club has had Mrs. Baker four consecutive years. Hear Mrs. Baker read—Servant in the House, or The Man from Home.

Here without a doubt is the greatest Durno, The Magician, Jan. 12. Est Durno, The Magician, Jan. 12. The man who makes you laugh. A jolly company of funmakers and six lively animals.

Durno appears, the fun begins, removes his gloves, they vanish; then waves his wand, birds appear in mid-air, flowers can be seen growing, a small bowl is produced from a silk handkerchief, then a large one containing four pallids.

Unlike other magicians, Durno is a comedian and humorist, he uses a flow of language which is full of comedy, his voice is clear and distinct, and while listening to him one can see him produce different articles and cause them to vanish.

Reproductions of old tricks performed by Durno, such as the manipulation of eggs, dolls, chickens, ducks, hats, watches, gloves, etc., are manipulated and in such a way as to create rounds of applause and laughter.

Nothing but wonder and amusement prevails when Durno performs his "Optical Illusion Guess." It cannot be explained but must be seen to be appreciated. The effect of this is marvelous and causes great wonder.

Organ pipes and their strange music, a production that can be accomplished only by means of magic. The slightly effect is astonishing as well as amusing. It is all mystery and fun.

Orphean Musical Club, Feb. 17. They have had phenomenal success in their past seasons and are more generously equipped than ever to please the public the coming season. They are versatile, artistic, capable of giving a widely diversified program, consisting of vocal quartets, horn quartets, solos, illustrated songs and impersonations. They have an extensive repertoire of vocal music and in the classic, humorous and comic selections are equally at home. Their voices blending in perfect harmony, giving the effect of a deep-toned organ. In the pathetic they excel, as their sympathetic relation gains the heart of their audience, while their comic songs are true to life and are sung with vim. They are to be especially commended for their perfect articulation, the story of each being clearly brought out.

Diseases of women, confinements, children and chronic diseases a specialty.

Mr. and Mrs. T. W. Anderson and Miss Ella Kline of Stevens Point are guests of the Brown families this week. Mr. and Mrs. Anderson make annual visits to Rhinelander where their friends are many. He is one of the first subscribers to the New North and has taken the paper ever since the first edition was printed in a tent.

A GENEROUS AND CHARITABLE WISH

"I wish all might know of the benefit I received from your Foley's Kidney Remedy," says I. N. Regan, Farmer, Mo. His kidneys and bladder gave him so much pain, misery and annoyance, he could not work nor sleep. He says Foley's Kidney Remedy completely cured him.

Moved by Alderman Cain, seconded by Alderman Swedberg that the bills be allowed as recommended by the Comptroller and the proper officials be instructed to issue orders in payment for same. Carried, all voting aye.

Hon. D. R. Stevens came before the Council urging necessary steps to be taken to locate a state Normal school here at Rhineland.

Moved by Alderman Leadbetter and seconded by Alderman Pecor that the Mayor appoint a committee of 3 members from the Council to look into the proposition of locating a State Normal School at Rhineland. Carried.

For such Committee the chair appointed Alderman Leadbetter, Crosby and Baker.

The following petition was read:

To the Mayor and Common Council,

City of Rhineland:

Gentlemen:—We, the undersigned residents of the 1st ward of your city do hereby respectfully petition you to order the removal of the arc-light now situated at junction of Eagle and Fremont street and have said arc-light placed on said Eagle street in front of the "Soo" Railroad Viaduct. (Signed)

Asbriew Olson and others.

Moved by Alderman Pecor and seconded by Alderman Leadbetter that such petition be referred to the Board of Public Works with instructions to move said light if deemed advisable. Carried.

The following petition was read:

To the Common Council, City of Rhineland.

We, the undersigned residents and freeholders respectfully petition your honorable body to have a sidewalk and crossing constructed from the north-east corner of lot 5 of block 14 of the First addition to the intersection of Park street and Dorr avenue. (Signed) C. J. Wesley and others.

Moved by Ald. Gilley seconded by Ald. Hanson that the petition be granted.

Amendment by Ald. Jewett seconded by Ald. Leadbetter that the petition be referred to the Board of Public Works with instructions to act as they see fit.

Carried, the Aldermen voting as follows: Baker, Cain, Calkins, Crosby, Jewett, Leadbetter, Pecor and Swedberg voting aye and Ald. Berg, Gilley, Hanson and Roepecke voting no.

Motion as amended carried, all voting aye except Ald. Berg voting no.

The following recommendation from the Supt. of Water Works was read:

To the Mayor and Common Council, Gentlemen: The grates and plates of the boilers at the water works station need repairs. I would recommend that same be replaced by regular coal grates. Respectfully

A. D. Sutton, Supt.

Moved by Ald. Swedberg seconded by Ald. Roepecke that the recommendation be accepted and grates ordered placed. Carried, all voting aye.

Report from the Board of Public Works on the petition for to improve Keenan street from Park street to Prospects street, was read as follows:

We recommend that the work be done if the other work ordered can be finished in time.

(Signed) Board of Public Works.

Moved by Ald. Pecor seconded by Ald. Hanson that the recommendation be accepted and work ordered done. Carried, all voting aye.

A communication from the N. Y. Belt and Packing Co. was read and placed on file.

A report from the Wisconsin Fire Prevention Association was read and

also placed on file.

The Annual Statistical Report from the Free Public Library was read and ordered placed on file.

The following resolution was introduced by Ald. F. Calkins:

Whereas, The Opera House situated on lot 5, block 25 of the Original plat is not provided with sufficient means for the safe and speedy exit of people therein assembled in case of alarm and therefore is unfit for use as a place of assemblage in its present condition,

Resolved by the Common Council of the city of Rhineland that the use of said Opera House as a place of assemblage be and the same is hereby prohibited.

Moved by Ald. Pecor seconded by Ald. Crosby that the resolution be adopted as read. Carried, the Aldermen voting as follows: Baker, Berg, Calkins, Crosby, Gilley, Hanson, Leadbetter, Pecor, Roepecke and Swedberg voting aye and Ald. Cain and Jewett voting no.

The Comptroller made his annual report to the council:

"IT BEATS ALL"

This is quoted from a letter of M. Stockwell, Hannibal, Mo. "I recently used Fole's Honey and Tar for the first time. To say I am pleased does not half express my feelings. It beats the remedies I ever used. I contracted a bad cold and was threatened with pneumonia. The first dose gave great relief and one bottle completely cured me." Contains no opiates.

STATE PRESS ON DIETZ.

Shock To Decent People.

The horrible outrage enacted in Sawyer county and in the bungling attempt to arrest John F. Dietz, shows the importance of electing good men to office. This Dietz affair and the brutality attending the shooting method employed by Sheriff Mad of his daughter, he forfeited when, which has so shocked all law-abiding and decent people, can be laid directly to the sheriff and the disreputable attorney of Sawyer County. No matter what an ignorant bully the sheriff may be, he would hardly have done what he has unless backed up by a district attorney of up more judgment and character than himself. —Merrill Herald.

Who Shot Harp?

The effort that will now be made to prove that John Dietz shot Deputy Sheriff Harp will be the next contention to attract the public in the case. But it would seem that despite John Dietz's resisted arrest, it will be a very difficult task to prove he shot Harp. From all that can be learned from the accounts printed in the papers written by correspondents on the scene, it will be quite as easy, if not easier, to prove that Harp was shot by one of the deputy sheriffs enlisted in the cause of shooting at random in the vicinity of the Dietz home, as to prove that Dietz himself fired the shot that killed Harp! —Milwaukee Daily News.

A Revolting Act.

Whether there is much sympathy for John Dietz, the notorious Thornapple dam defender, among the people in general or not, there is a large degree of sympathy for the young woman who was shot by the hasty deputy, last Saturday after being ordered to halt and there is also considerable condemnation for the officers who were in such a hurry to shoot. In the several newspaper accounts of the affair there is nothing to show that the young people showed fight or attempted to shoot any of the deputies, which if a fact makes the affair still more revolting on the part of the officers. —Washburn Itemizer.

Mock Sentimentality.

There is a great deal of mock sentimentality being expressed in favor of Dietz, the Thornapple dam outlaw, by men who ought to know better. In their indignation over the shooting of the Dietz girl and the methods used in taking her to a hospital, many well meaning people have let

their feelings get the better of their judgment. —Wausau Record-Herald.

Imperiled Lives of Family.

Whatever of sympathy John Dietz invoked because of his long fight with the Weverbauser lumber interests and men to office. This Dietz affair and the brutality attending the shooting method employed by Sheriff Mad of his daughter, he forfeited when, which has so shocked all law-abiding and decent people, can be laid directly to the sheriff and the disreputable attorney of Sawyer County. No matter what an ignorant bully the sheriff may be, he would hardly have done what he has unless backed up by a district attorney of up more judgment and character than himself. —Merrill Herald.

Only Guerilla Tactics.

It is up to the governor of Wisconsin to stop the shooting of children by irresponsible deputy sheriffs. We believe in law and order, but men should be given to understand that lawful means must be taken to enforce the law. Firing upon children from ambush does not inspire any respect for law, is only guerilla tactics. If the law has been violated the whole power of the state should be brought to bear to bring the guilty to punishment but the task should never be entrusted to men inspired by hate or revenge. —Antigo News Item.

Not Worthy of Sympathy.

It is surprising that so many people will sympathize with such outlaw as has been said to have been manifested by Dietz and his family for a long time. If he is not guilty, why didn't he give himself up. It seems too bad that there should be any sacrifice of humanity for a fellow like him, if what we hear from what we believe to be reliable sources about him is true. We believe the time is near at hand when public opinion will be against him. How can we expect officers of the law to do their duty when the people lend aid to protect parties wanted by officials sworn to do their duty? To us it seems ridiculous. —Phillips Bee.

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by All Dealers.

TRY THIS

RUB your stove with your handkerchief.

If the handkerchief becomes black it shows that the polish rubs off.

It also shows that you are not using Black Silk Stove Polish.

Black Silk Stove Polish does not rub off. Does not dust off.

It anneals to the iron—becomes a part of the stove.

BLACK SILK STOVE POLISH

makes old stoves look like new and lasts four times as long as any other polish. It is so much better than other stove polishes that there is absolutely no comparison. It is in a class all by itself.

Now these are facts that we want to prove to you.

Ask your dealer for a can of Black Silk Stove Polish and give it a good trial. Try it on your cook stove, your parlor stove or your gas range.

If you don't find it the best polish you ever used your dealer is authorized to refund your money.

Made in liquid or paste, one quality. Used on simple stoves and sold by hardware dealers.

BLACK SILK STOVE POLISH WORKS

Solely for use on gas, electric, kerosene, or oil stoves. No other use.

Why not be comfortable with an ACORN BASE BURNER

Why not?

It doesn't cost any more.

The comfort of a Royal Acorn base burner does not mean increased expense. It costs less than any other method of heating.

There is no way to warm your home which is so inexpensive as a Royal Acorn.

Soft coal is no cheaper to do the same work. It takes three tons of soft coal to do the work of one ton of hard coal. Soft coal fires are unsteady—hot one minute and out the next.

A Royal Acorn is started in the fall and runs through to spring without ever going out. There is no kindling to split and only a third of the weight of coal to carry in and ashes to carry out. And hard coal is such a clean fuel!

Then again, a Royal Acorn heats so much more space.

It circulates the air—spreads the heat evenly in a way that is not equaled by the ordinary stove.

There are other base burners, but there is only one Royal Acorn—the handsomest, tightest, cleanest stove made—a base burner that gives as much heat from one ton of coal as the ordinary stove from two.

It has loose nickel-mica spaces all the same size—a grate that does not waste a particle of coal—and a machine-fitted ashpit door and damper so tight that the stove will hold fire for days in mild weather without attention, and with almost no combustion of coal.

Don't experiment when you buy a base burner. Get a stove that has proved what it will do—a stove that will soon pay for itself in the coal that it saves.

The Royal Acorn is America's Very Best Base Burner and is the Secret of Solid Comfort Every Winter in a Hundred Thousand Homes—Come and Look it Over

NEARBY TOWNS
Grind Riffs—World has been re-
ceived here that Dr. Geo. F. Witter,
a former resident of this city, was
killed in an automobile accident at
San Jose, Cal. Dr. Witter was cross-
ing the street near his home when
he was struck down. He was the
father of Mrs. W. D. Connor of
Marshfield.
Iron River—The first hunting ac-
cident of the season to occur in this
section was at Fort Wing. The four-
teen year old son of Postmaster Hout-
velt was shot in the right leg by
the accidental discharge of a shot
gun in the hands of a boy companion.
Clintonville—The Woldenauer bro-
thers of this city are heirs to a giant
estate in Germany, amounting, so
it is said, to \$17,000,000. The Molden-
bauer family now has an attorney in
the old country, looking after the
claim. The estate is to be divided
among seven heirs and then subdi-
vided among the children of these
heirs. This will give each a share
of about \$265,000.

Arkig—Dr. Davis, a cheo-ractie
doctor, who has been located here for
four months, is wanted by the au-
thorities on a warrant issued by
Hector McDonald, charging him
with malpractice. Sheriff Jones and
Officer Madsen went to Davis' office
to arrest him but the crafty doctor
made his escape by running from the
building thru a rear door. He is be-
lieved to have left the city disguised
as a woman.

Washburn—The matter of purchas-
ing a tract of ground on the lake
shore and converting it into a city
park, has been brought before the
council. The land comprises twenty-
two acres, is beautifully situated and
would make an ideal spot for a park.
A party of Washburn business men
own the property and they will sell it
for \$2400 to be paid for in three
years.

Ironwood—From the Newport mine
over 1,000,000 tons of ore will be
shipped this year. The Newport is
the heaviest producing mine on the
Gogebic range and one of the large-
est underground mines in the Lake
Superior region. Frequently 600 six-
ton ships are hoisted to the surface
through a single shaft in a 10 hour
shift.

Tomahawk—The construction work
on the new dam is being pushed rap-
idly and it is the intention to have
the structure completed before winter
sets in. Sixty-five men, twenty-four
teams and three engines are at work
on the job. The dam is being built
of the best material obtainable and
will last for centuries. The power
will be used to turn the wheels of
some new industry in Tomahawk.

Bessemer—By the closing of the
Colby and Ironston mines seven
hundred men have been thrown out of
employment. For the last year, a
large amount of non-Bessemer ore
has been taken from these mines, and
as there has been no market for this
kind of ore, it is surmised that this
is the reason for the shut down. Cor-
rigan McKinney & Company own
the property. It is impossible to
state when operations will be resum-
ed.

Barron—Eighty school children of
Barron county entered exhibits here
on Saturday in a competition for
\$250 in prizes offered by local busi-
ness men in a corn growing contest,
conducted by Wisconsin University.
The exhibits were highly praised by
Prof. B. M. Moore of Madison, who
followed the lead of the judges with
an address upon the breeding of seed
grains.

Oconto—Walter H. Phillips had his
sight destroyed when lightning struck
a chimney in the rear of his home.
Marquette—Arthur Gauthier, aged
63 years, was sentenced by Judge
Hasting to serve five years in the
penitentiary, being convicted of a
charge brought by his 16 year old
daughter.

Ashland—Little Beatrice McLaugh-
lin, aged four years, was fatally burn-
ed while playing with matches. She
was in company with other children
at the time and in some unknown
way they got hold of the matches.
The child's clothes became ignited
and before help could reach her she
was so terribly burned that her
case was a hopeless one.

Hurley—Judge Thomas and Capt.
Luker have purchased the land in
blocks 1 and 2 in the Penokee &
Gogebic Development company's ad-
dition to the village of Hurley. They
will have the land replatted into
lots and will build several residences
thereon this fall.

Wakefield—The Citizens' bank of
Wakefield will open its doors for busi-
ness on Nov. 1. The new bank is
being organized by M. J. Wolf, Col-
umbus, O. It will have a capital of
\$10,000 paid in and the stock has
been taken by the citizens of Wake-
field.

Phillips—The Price county fair
held here was the most successful in
the history of the county. The dis-
play of exhibits in all departments was

ADVERTISING SENSE.

A hen is not supposed to have
much common sense or tact, yet
every time she lays an egg she
cackles forth the fact.

A rooster hasn't got a lot of intel-
lect to show, but none the less,
most roosters have enough good
sense to crow.

The mule, the most despised of
beasts, has a persistent way of let-
ting people know he's round by his
insistent bray.

The busy little bees they buzz,
bells bellow and cows moo, the
watchdog barks, and ganders quack
and doves and pigeons coo.

The peacock spreads his tail and
squeals; pigs squeal and robins
sing, and even serpents know
enough to hiss before they sting.

But man, the greatest master
piece that nature could devise, will
often stop and hesitate before he'll
advertise.—Copper Bullitin.

CONGREGATION IS GROWING

Nor. Luth. Church Now Claims Sixty-
Five Members.

Since the first of last July the
membership of the Norwegian Luth-
eran church in this city has been
enlarged by the addition of sixteen
families. The congregation at the
present time numbers sixty-five peo-
ple.
Rev. Snaartemo, who has been pas-
tor of the church since the forepart
of last summer, is delighted with
the surprising growth of the congre-
gation. He said, "The Norwegians
of Rhinelander are active in their
religious duties and take deep inter-
est in all affairs pertaining to the
church. My congregation has shown
a remarkable increase during the
last few months, and I look for a
still larger membership before the
first of next January."

Rev. Snaartemo, during his short
residence in Rhinelander, has made
friends among all classes of people
and especially Scandinavians among
whom he is very popular. He is a
tireless and conscientious worker.

Capt. Bogardus again
Hits the Bull's Eye.

This world famous rifle shot who
holds the championship record of
100 pigeons in 100 consecutive shots
is living at Lincoln, Ill.
Recently interviewed, he said: "I
suffered a long time with kidney
and bladder trouble and used sev-
eral well known kidney medicines,
all of which gave me no relief until
I started taking Foley Kidney Pills.
Before I used Foley Kidney Pills I
had severe backaches and pains in
my kidneys with suppression and a
cloudy voiding. On arising in the
morning I would get dull headaches.
Now I have taken three bottles of
Foley Kidney Pills and feel 100 per-
cent better. I am never bothered
with my kidneys or bladder and a
girl feels like my ownself."

WRECK ON W. & N. ROAD.

There was a wreck on the Wiscon-
sin & Northern railroad Sunday after-
noon when a log car was derailed and
four other cars behind it piled up.

There were a number of passengers
in a coach on the rear of the train
and they were badly shaken up but
not injured.

Five cars were demolished and the
track torn up for a distance.

Dr. Pierce's Favorite Prescription
Is the best of all medicines for the cure of diseases,
disorders and weaknesses peculiar to women. It is the
only preparation of its kind devised by a regularly gradu-
ated physician—an experienced and skilled specialist in
the diseases of women.
It is a safe medicine in any condition of the system.
THE ONE REMEDY which contains no alcohol
and no injurious habit-forming drugs and which
creates no craving for such stimulants.
THE ONE REMEDY so good that its makers
are not afraid to print its every ingredient on
each outside bottle wrapper and attest to the
truthfulness of the same under oath.
It is sold by medicine dealers everywhere, and any dealer who hasn't it can
get it. Don't take a substitute of unknown composition for this medicine or
known composition. No counterfeits as good as the genuine and the druggist
who says something else is "just as good as Dr. Pierce's" is either mistaken
or is trying to deceive you for his own selfish benefit. Such a man is not to be
trusted. He is trifling with your most priceless possession—your health—
may be your life itself. See that you get what you ask for.

SICK SQUAW BURNED ALIVE.

Incident of a Small-Pox Plague Among
The Indians.

Headfyer, the big Indian merchant
at Lac du Flambeau, who was in the
city Monday, relates a gruesome tale
of the methods pursued by the Chip-
ewa Indians in checking an epidem-
ic of small-pox in Sawyer county, a
number of moons ago.

Headfyer, who was scarcely more
than a papoose at the time, says
that for weeks the disease con-
tinued its ravages, depleting the pop-
ulation by scores. Finally an aged
woman of the tribe, regarded by the
Indians as sort of a witch and be-
lieved by them to be more or less
responsible for the presence of the
plague, became afflicted. On the
first day of her illness, the little
stepee in which she lay helpless, was
covered with brush and then set a-
fire. As the flames leaped and crack-
led the heart rendering shrieks of
the dying squaw rent the air, but
the braves stood stolidly by, fas-
cinated by the weird scene, until
the fire had spent its fury.

Strangely enough, according to
Headfyer, the disease vanished and
never again made its appearance in
the village.

WOODRUFF WOODMEN DANCE.

The Military band orchestra has
been engaged to render the inspiration
for the dance to be given by the
Rhinelander woman claimed that she
came across a small patch of the
tomorrow evening. This is the first
of a series of parties to be given by
that lodge during the fall and winter.

"DON'T BE BALD."

Nearly Anyone May Secure a Splen-
did Growth of Hair.

We have a remedy that has a rec-
ord of growing hair and curing bald-
ness in 93 out of every 100 cases
where used according to directions for
a reasonable length of time. That
may seem like a strong statement—
it is, and we mean it to be, and no
one should doubt it until they have
put our claims to an actual test.
We are so certain Rexall's
Hair Tonic will cure dandruff, pre-
vent baldness, stimulate the scalp
and hair roots, stop falling hair, and
grow new hair, that we personally
give our positive guarantee to re-
fund every penny paid for it in
every instance where it does not
give entire satisfaction to the user.
Rexall's '93' Hair Tonic is as
pleasant to use as clear spring water.
It is delightfully perfumed, and does
not grease or gum the hair. Two siz-
es, 50c. and \$1.00. With our guaran-
tee back of it, you certainly take no
risk. Sold only at our store—The
Rexall Store. J. J. Reardon.

STRAWBERRIES IN OCTOBER.

From various sections of the state
come reports of a second crop of
strawberries. One's is not behind
in this respect for wild strawberries
were picked in some parts of the
county during the latter part of
September. Only last Saturday a
Rhinelander woman claimed that she
came across a small patch of the
berries near the fair grounds. Just
think of it! Strawberries in October
that lodge during the fall and winter.

ANNOUNCEMENT!
We Have Taken the Exclusive Agency for
the World Famous Guaranteed Shoes
From now on the men of this town will have an opportunity to buy guaranteed shoes.
We have made it possible by taking the agency for Desnoyers "Six Months" Shoes—
the first and only shoes ever sold under a written guaranty.
The Only Guaranteed Shoes on Earth
Never before has it been possible to buy guaranteed shoes, because never before
have guaranteed shoes been made. Heretofore it has been absolutely impossible
for manufacturers to make a shoe good enough to guarantee. Their enormous
selling expense prevented it. High salaried traveling men, big hotel bills, etc.,
cost shoe manufacturers over Five Million Dollars a year.
But the Desnoyers Shoe Co. did away with traveling men and their big
expenses. They sell direct to dealers by letter, and put the thousands of
dollars saved into better leather and other materials. Thus they can afford
to make a shoe that's far superior to others and good enough to guarantee.
Desnoyers "Six Months" Shoes
GUARANTEED TO GIVE FULL SIX MONTHS' WEAR
These shoes will be a revelation to
the people of this town. They are
marvels of beauty, style and shape.
Never before have you seen such leather
and such wearing qualities.
Here's the Guarantee
If either the soles or uppers wear out
within four months we agree to furnish
a new pair of shoes entirely free of
charge. If either the soles or uppers
wear out during the fifth month we
agree to refund \$2.00 in cash. If either
the soles or uppers wear out during the
sixth month we agree to refund \$1.00 in
cash. In other words, if these shoes
should not give full six months' wear
we refund more than the proportion
they fall short.
Best Leather in the World
The manufacturers of the "Six
Months" Shoes send way to Switzer-
land and France for the hides from
which they make these shoes.
The Swiss Soles are tanned from
Switzerland hides, which are the tough-
est and finest hides for sole leather pro-
duced anywhere in the world, and the
extreme care with which the Swiss stock
is raised. It is protected from all
weather conditions and kept clean and
healthy.
Best Looking and Best Wearing Shoes Made
"Six Months" Shoes are wonderful in appearance as well
as in wearing qualities. They combine style, finish and
quality in a degree never before equaled in a shoe selling at
anywhere near the same price.
A Quality Shoe Clear Through
"Six Months" Shoes are made with sole leather box toes
to give extra strength at the tip. Army duck lining is used,
which costs twice as much as ordinary lining, but it is the
strongest and smoothest lining made.
The uppers are stitched together by lock-stitch machines
using the very highest grade silk thread. Nothing but the
best Irish Linen thread is used in sewing the soles. These
methods all cost more, but they make the shoes last
much longer.
We "Make Good" the Guarantee
You don't have to send your shoes to the factory to be re-
deemed or to secure the refund. We make good the guar-
anty and the manufacturer pays us. You have no dealings
whatever with strangers.
You don't risk one cent when you buy "Six Months"
Shoes. You know you will have six months' wear for your
\$4.00 or the equivalent of that in dollars and cents.
Desnoyers "Six Months" Shoes are made in the very latest styles for every
purpose. There are work shoes, business shoes and dress shoes. And the best
styles of each to choose from. You can't lose on a pair, so why hesitate? Call now while our stock is complete.

La Follette's
WEEKLY MAGAZINE

The Great Progressive as it is

There are many reasons why you should read what it says 52 times each year. It is free to tell the truth. It will oppose the encroachment of special privileges upon the people's rights. It will call the roll on public men and measures and inform you how your congressmen work and vote. It will criticize the executive branch of government from the highest to the lowest, if in its judgment the people's interests are not protected. It will spread the gospel of ideal home life through the Women's Department. It will be conservative when good things are to be conserved, and radical when bad things are to be exposed.

ROBBINS
Clifton Gustman of Greenleaf is working for W. L. Miller.
Mr. and Mrs. Warren Jones of Mattoon are the guests of their son, H. A. Jones.
Frank Nowalk and Arthur Sorenson of Hobbins were calling on friends Sunday.
Mrs. Schlosser of Racine is the guest of her daughter, Mrs. Kugel.
Mrs. Gus Dart is rejoicing over the arrival of a son. He is one boy in ten, as the other nine children are girls.
Mrs. N. Kaiser and daughter of Milwaukee spent a few days last week with her niece, Mrs. W. L. Miller.
Peter LaPorte visited the Tamarack Sunday school, Sunday.
Chas. Nichols called on some of his patrons Monday.
The Tamarack school has a new organ, and the neighbors are all enjoying the music furnished by teacher and pupils.
Mrs. Emma Rockwood is still on the sick list.
Clifford and Roy Sweet have been the guest of their brother Ross Sweet.

HIGH SCHOOL NOTES
A meeting of the Athletic Association was held on Monday night. Much sympathy was expressed for Paul Smith in the accident he suffered at the game on Saturday, and it was voted that all expense of his injury be met by the association. When he recovers sufficiently to attend school the boys agreed to provide a rig for him daily. Interesting letters come back to us daily from the boys and girls who are attending other schools. Al Brown has been made half back on the Asheville team, and Don Vaughan is playing with the Carroll college eleven. Almost all of the boys and girls are enjoying their work or their athletics.
Class editors for the new paper were elected as follows —
Seniors—Edna Johnson.
Juniors—Evelyn Lally.
Sophomores—Earl Bonnie.
Freshmen—Leona White.
Suggestions are now in order for a suitable name under which to edit the paper. It is now proposed to put out six numbers during the present school year, the first to appear in November.
The receipts of the Ironwood game have never before been equalled at a foot ball contest here. \$45.20 were taken in, leaving a good margin after all expenses were paid. Saturday October 15, the boys play Tomahawk there. Tomahawk has played a number of good games this year, and last Saturday defeated Eagle River by 17-0 score.
Edmond Kneth, at one time with 1912, visited at the H. S. Monday, while on his way to Green Bay where he will attend Business College.
A reception and dance was held from 7.30-11.00 at the Guild Hall last Saturday in honor of the Ironwood team.
A clue has been found to the whereabouts of Miss Oakley's Ingeroll; "CANDY" Smith has been put on the track, and its early recovery is certain.
Mr. Desmond has now taken up drawing. Any one wishing a pen and ink sketch of himself or his friends, either life size, or suitable for a watch picture, leave orders in Main Room.

MISS WILLIAMS

REPUBLICAN HEADQUARTERS.

Next Monday republican county headquarters will be opened in a central location in the city. It is not fully decided where the location will be but such a place will be established.

It is the aim of the republican county committee to have a place where people may go and get the latest on the republican principles.

How Hair Grows.
It is a curious fact that a boy's hair grows one-half slower than a girl's. In boys the average rate of growth is three feet three inches in six years, being an average of .018 inch per day. During the twenty-first and twenty-fourth years a man's hair grows quicker than at any other period. It takes an eyelash 20 weeks to reach a length of .429 inches, and then its life is from 100 to 150 days. By means of a camera the wink of an eyelid has been measured, and it was found that 20 winks can be made in four seconds.

Shocking the Chauffeur.
"I used to think it was bad enough in Paris," the woman began, "where the cabbies swear at you if they come within an ace of running over you and don't, but it's just as bad here. You know Monday night, how it rained? Well, I was crossing Forty-second street, or trying to cross it and hold my umbrella at one and the same time, when the wind blew me against an automobile that was turning the corner. I never saw anything like the glare of the driver."

"Why don't you keep your eyes about you?" he shrieked. "You nearly stopped my machine!"—New York Press.

Requirements of Tragedy.

The clearest and most succinct declamation of the dramatic unities was made by Boileau, when he laid down the law that a tragedy must show "one action in one day and in one place." It must deal with only a single story; and this obligation is the unity of action. It must never change the scene, massing all its episodes in a single spot; and this is the unity of place. And it must compact its successive situations into the space of 24 hours, into a single day, and this is the unity of time.—Atlantic.

Ancient Mirrors.
A French investigator has lately interested the French Academy of Sciences in his researches concerning the glass mirrors which were used in ancient times in Egypt and in Thrace. They were backed with a highly polished metal, the nature of which has been in question. It has now been ascertained that the metal was almost pure lead, and it is believed that the method of manufacture was to pour the molten lead on the concave surface of disks cut from balloons of blown glass. In consequence of their shape, the mirrors minimized the images of objects looked at in them.

Out of Man's Reach.
The old may have their years stretched out beyond the fourscore, but they must die sooner or later; no such necessary limit affects the births, and it is conceivable that there may come a year when there are no births. Immortality is the only effective answer to a cessation of reproduction, and, alas! the King of Terrors still reigns.

Regenerated through Time.

Though "Snooks" as a name is hardly beautiful, its origin is respectable enough. Kindly people picked up a little foundling boy at Sevenoaks and started him in life after baptizing him "William Sevenoaks." He became lord mayor of London in the reign of Henry V., was knighted and died in 1432. He left benefactions to his native place that were doubtless misused, as was his name, which degenerated to Snooks.

Atmospheric Qualities.
The earth's atmosphere extends some 40 miles in height, but becomes, at only a few miles from the earth's surface, too thin to support any form of animal life.
